A building with heart.

MADE FOR WARMTH IN 1924.

It all started as the Holland Furnace Company, touted as the largest furnace installer in the world. In the early 1920s, contractors broke ground on the Warm Friend Tavern, a place for employees and the Holland community to gather and relax. All were made welcome in a warm and friendly environment that eventually became a luxury hotel in the heart of a bustling town.

Today, the Warm Friend is an independent living facility within the Resthaven Care Continuum, designed for seniors age 60 and older. Just as it was originally built, it's a charming residential facility with 59 apartments that are updated, unique and made to feel like home to our residents. We're a close-knit community inside, and a special part of the Holland community beyond our walls.

“ I love the independence of my own apartment in downtown Holland. My family loves the security and safety of knowing I have the help I need right in the building. ”
